

NOMINATION FORM

2nd RANGERS SUPPORT FUND AWARDS 2022

The **Rangers Support Fund**, also known as the **Dr. Carlos Lopes Pereira Fund**, was created in 2020 with the aim of recognizing, motivating and rewarding the bravery and dedication of rangers from Mozambique's public and private Conservation Areas, through a yearly award. This fund is managed by the Foundation for the Conservation of Biodiversity - BIOFUND.

The awards are intended for rangers and forest guards working in any of the country's Conservation Areas, including those under public management (Parks, Reserves, APAs and others), those under private management (Coutadas, Niassa hunting blocks, Fazendas de Bravio, Total Protection Zone), and those under community management.

The awards aim to identify and highlight the rangers who have not only worked in an exemplary way throughout their career, but who also stood out during the year 2021 with exceptional and concrete actions, which thus serve as an example of zeal, determination, bravery and courage for all rangers in the country.
